BARRE -Barre delivers a fusion of ballet, Pilates, yoga, and strength training. The class combines small isolated movements that fatigue the muscles quickly and efficiently, along with larger range of motion movements that get your heart rate elevated. With this low impact, high intensity workout, Barre is sure to get you sweating and shaking (in a good way)!

FUNCTIONAL FITNESS- Functional Fitness is a practical program that emphasizes training movements that mimic everyday activities. Each workout incorporates a variety of movements focused on building strength, flexibility, balance and endurance. Functional fitness is a good way to stay active and fit for your daily life and will help you lead a more functional and healthier lifestyle.

SOLO JAZZ- Solo Jazz and Charleston dance moves taught through choreography. This group dance class will include moves you can follow along with through routines. You can also use what you learn in partner dancing, like East Coast swing and Lindy hop!

ZUMBA - A Latin based cardio dance and rhythm class designed to tone and sculpt your body! This class is loads of fun and will have you dripping in sweat. All levels welcome!

YOGA CLASSES

VINYASA FLOW - Vinyasa yoga is a series of postures, one flowing seamlessly into the next, uniting the body, mind, and breathe. Designed as a moving meditation, every Vinyasa class is unique; creating the opportunity to become stronger, more flexible and balanced, while practicing being present in the moment. All levels are welcome.

INDOOR CYCLING

MAV CYCLE - Come get a stimulating and challenging workout as we put our own "spin" on the traditional Spinning class! Classes are choreographed and led by certified instructors.

- Beginners should arrive 5-10 minutes prior to their first class for proper bike set up.
- All classes involve steady, consistent pedaling with heavy resistance at times. All rides promote muscular and cardiovascular development.

RECOMMENDATIONS FOR ATTENDING GROUP CYCLING CLASS

Participants should bring a towel and water bottle to every class. New participants are encouraged to arrive to class at least 5 minutes before class begins in order to allow time for proper set-up.
